

Assignment 2

Exploration Project.

Find a company on the Internet that sells quantum dot products for laser, biological, or medical applications. There is a significant debate about the possible adverse health effects of quantum dots in biological bodies. Sometimes it is attributed to Cd or any other material.

Write a report on your exploration of possible uses and effect of quantum dots. Please submit in word file, 1.5 spacing, minimum 5 pages including figures.

Due date is 10 November 2016.
